

The Geothermal Resource Council is sponsoring a “World’s Most Prolific Well” Contest!

The six categories in which candidate wells will be judged are:

Most Prolific

Greatest

Hottest

Deepest

Most Deviated

Cleanest

Winners will receive complimentary tickets to attend the GRC Awards Luncheon on Wednesday Oct 8, from 12 – 2pm, for presentation of their awards and photographed for publication in the *GRC Bulletin*.

To be eligible for consideration in the categories of Most Prolific, Greatest and Cleanest Geothermal Well, candidate wells must be in continuous, commercial production for no less than 200 of the previous 365 days. Well must meet definition of “Geothermal Well” as described in the contest rules.
