GRC 2014 Annual Meeting Announced - Call for Papers Issued

*38th Geothermal Resources Council Annual Meeting will be held Sept. 28-Oct. 1 in Portland, Oregon, USA.
Theme is "Geothermal: A Global Solution."*

(Davis, Calif.) The Geothermal Resources Council (GRC) has issued a call for papers for the world's largest annual geothermal conference taking place September 28-October 1, 2014, in Portland, Oregon at the Oregon Convention Center. Themed "Geothermal: A Global Solution" the 38th Annual Meeting will reflect the world-wide growth of geothermal energy.

The GRC Annual Meeting is the industry's largest annual gathering of leading geothermal energy scientists, producers, renewable energy industry stakeholders, regulators, utilities, and key associated business leaders. The four-day event will offer technical, policy, and market conference sessions, educational seminars, tours of local geothermal and renewable energy projects, and numerous networking opportunities. Registration also includes entry to the GEA Geothermal Energy Expo.

The GRC 2013 Annual Meeting attendees came from 37 different countries around the world, highlighting the GRC's role in connecting the global community. With increasing interest in geothermal as a 24/7, 365, reliable source of renewable energy around the world, the GRC is looking ahead to an even stronger international attendance in 2014.

The GRC 2014 Annual Meeting planning committee will consider papers for its Technical and Poster Sessions covering a range of topics, both domestic and international: Business Development / Finance; Basin & Range / Cascades / Rocky Mountains; Direct Use / Heat Pump; Enhanced Geothermal Systems; Exploration / Resource Assessment / Management; Geology, Geophysics and Geochemistry; Geothermal Energy Associated with Oil and Gas Operations; Geothermal Project Case Studies; International; Power Operations / Maintenance / Production Technologies; Regulatory / Environmental Compliance / Policy Issues; and Utility and Transmission Issues.

Successful selection to present at the GRC 2014 Annual Meeting is prestigious and recognizes the presenter as a top industry expert. International participation is key to the success of the technical programs, and geothermal researchers and experts from around the world are encouraged to submit their work for consideration to be presented at the GRC 2014 Annual Meeting.
