### **International Geothermal Energy Updates Now Available**

*Presentations from the International Sessions at the GRC Annual Meeting  
made available by the Geothermal Resources Council*

Davis, CA, USA - The Geothermal Resources Council (GRC), the world's premier geothermal association, has made available the presentations from the International Sessions at the GRC Annual Meeting & GEA Expo held last month in Las Vegas, Nevada, USA.

Demonstrating the focus on international involvement at the meeting, the GRC and U.S Geothermal Energy Association (GEA) co-hosted the 6<sup>th</sup> International Luncheon with representatives from Ethiopia and Kenya reporting on the exciting developments in geothermal power in their countries. Mr. Gosaye Megiste Abayneh of the Ethiopia Ministry of Water and Energy and Mr. Albert Mugo of Kenya Electricity Generating Company (Kengen) have very kindly made their presentations available.

In an International Session, as part of the GRC Technical Sessions, 8 experts from around the world gave presentations on updates in North America, Central America, South America, the Caribbean, Australasia, Philippines, the Middle East and Europe.

The GRC has posted these international geothermal energy updates to the GRC Website at [www.geothermal.org/meet-new.html](http://www.geothermal.org/meet-new.html).

The GRC Annual Meeting & GEA Energy Expo in Las Vegas, Nevada, USA from September 30 – October 2 attracted over 1,600 attendees from 36 different countries. Next year's 38<sup>th</sup> GRC Annual Meeting & GEA Expo will be held in Portland, Oregon, USA, from September 29 – October 1, 2014.

##

#### **About the Geothermal Resources Council:**

Geothermal Resources Council      P.O. Box 1350, Davis, CA 95617      Phone: 530.758.2360 / Fax: 530.758.2839

[www.geothermal.org](http://www.geothermal.org)

With the experience and dedication of its diverse, international membership bolstering a more than 40-year track record, the Geothermal Resources Council has built a solid reputation as the world's preeminent geothermal association. The GRC serves as a focal point for continuing professional development for its members through its outreach, information transfer and education services.
