Early Bird Registration Deadline for GRC Annual Meeting is This Week
Save \$100 by registering before midnight on Saturday

(Portland, Oregon, USA) The deadline for early-bird rates for registration for the international geothermal event of the year is this Saturday, August 30. The GRC Annual Meeting & GEA Geothermal Energy Expo will bring together geothermal companies, academics, financiers, policy leaders, students, and other individuals to attend or exhibit at the event, to be held from September 28 to October 1 at the Oregon Convention Center, Portland, Oregon, USA.

Early birds who register before August 30 pay only \$695 as GRC members or \$795 if non-members. The non-member registration includes GRC membership through 2015. Students with a current identification card from an accredited institution pay just \$5 which also includes GRC membership through 2015. Registration to the GRC Annual Meeting also includes entry to the GEA Energy Expo.

Registration is available from the GRC website at www.geothermal.org. A *Preliminary Program* complete with a *Registration Form* is available to view and download. However, the GRC recommends online registration through a secured connection. The link is also available on the front page of the GRC website at www.geothermal.org.

The deadline for discounted hotel room rates is September 3. Hotel room reservations can be made by following a link from the GRC website at www.geothermal.org. Book now as there are only a certain number of discounted rooms available.

This is the premier gathering to learn about the latest developments in geothermal energy. Last year, the GRC Annual Meeting & GEA Expo hosted representatives from more than 40 countries. Participants from six continents were present. In 2014, an even broader attendance is anticipated.

The GRC Annual Meeting will offer technical, policy, and market conference sessions, educational seminars, tours of local geothermal and renewable energy projects, and numerous networking opportunities.

The GEA Expo floor features a unique opportunity for leaders in the business to showcase their projects, equipment, services and state of the art technology to the geothermal community. Exhibit space still remains but is selling quickly.

For more information about the GRC Annual Meeting & GEA Geothermal Energy Expo at the Oregon Convention Center in Portland, Oregon, USA visit www.geothermal.org or call (530) 758-2360.

For information on how to sponsor this event, contact Anh Lay, GRC at (530) 758-2360 X100 or alay@geothermal.org.
