## **Registration Opens for Annual Charity Golf Tournament at Geothermal Resources Council Annual Meeting**

*Popular networking event for the geothermal energy industry in Sacramento, California.*

(Sacramento, California, USA) The Geothermal Resources Council (GRC) has announced more details of events at the world's largest annual geothermal conference, held this year in Sacramento, California, USA, October 23-26, 2016.

Just before the start of the GRC Annual Meeting & GEA Geothermal Energy Expo, the GRC Annual Charity Golf Tournament will take place October 23 at the William Land Golf Course just three miles from the conference site. Registration for the tournament is now open.

This year the proceeds from the tournament will go to the GRC Scholarship Fund.

The William Land Golf Course is Sacramento's oldest golf treasure. In 1911 William Land left \$250,000 "to purchase a public park within a suitable distance of Sacramento to be used as a recreation spot for children and a pleasure ground for the poor." William Land Park was established on its present site in the 1920's and the golf course was built in 1924.

More details of the tournament can be found on the GRC website at [www.geothermal.org](http://www.geothermal.org). Download the GRC Annual Charity Golf Tournament Flyer and fill out a registration form which can be mailed or faxed to the GRC office. Online registration will open in the coming months.

The GRC Annual Meeting & GEA Geothermal Energy Expo is the industry's largest annual gathering of leading geothermal energy scientists, producers, renewable energy industry stakeholders, regulators, utilities, and key associated business leaders. The four-day event will offer technical, policy, and market conference sessions, educational seminars, tours of local geothermal and renewable energy projects, and numerous networking opportunities.

Registration to the GRC Annual Meeting will open in July and will also include entry to the GEA Expo. Room reservations can now be made on the GRC website at [www.geothermal.org](http://www.geothermal.org). A discounted room rate is available until September 28, so early reservations are recommended.

For more information about the GRC Annual Meeting & GEA Geothermal Energy Expo year in Sacramento, California, USA, visit [www.geothermal.org](http://www.geothermal.org) or call (530) 758-2360.

For information on how to sponsor this event, contact Estela Smith, GRC at (530) 758-2360 or [grc@geothermal.org](mailto:grc@geothermal.org).

##

*About the Geothermal Resources Council:*

With the experience and dedication of its diverse, international membership bolstering a more than 45-year track record, the Geothermal Resources Council has built a solid reputation as the one of the world's preeminent geothermal associations advancing geothermal development through education, research, and outreach.
