## **Registration Opens for GRC Annual Meeting & GEA Geothermal Energy Expo**

*Special deals for early birds and students at prestigious geothermal energy event*

(Sacramento, California, USA) Registration is now open for the biggest annual geothermal event of the year. The GRC Annual Meeting & GEA Geothermal Energy Expo will bring together geothermal companies, academics, financiers, policy leaders, students, and other individuals to attend or exhibit at the event, to be held from October 23-26 at the Sacramento Convention Center, Sacramento, California, USA.

Early birds who register before September 23 pay only \$795 as Geothermal Resources Council (GRC) members or \$945 if non-members. The non-member registration includes GRC membership through 2017. Students with a current identification card from an accredited institution pay just \$5 which also includes GRC membership through 2017. In addition to the Technical Program the three-day registration to the GRC Annual Meeting includes an Opening Reception on Sunday evening, a Network Reception on Tuesday and entry to the Geothermal Energy Association (GEA) Energy Expo.

Registration is available from the GRC website at [www.geothermal.org](http://www.geothermal.org). A *Preliminary Program* complete with a *Registration Form* is available to view and download. However, the GRC recommends online registration through a secured connection. The link is available on the front page of the GRC website at [www.geothermal.org](http://www.geothermal.org).

This is the premier gathering to learn about the latest developments in geothermal energy. Last year, the GRC Annual Meeting & GEA Expo hosted over 1,200 attendees from 26 different countries.

The GRC Annual Meeting will offer technical, policy, and market conference sessions, educational seminars, tours of local geothermal and renewable energy projects, and numerous networking opportunities.

The GEA Expo features a unique opportunity for leaders in the business to showcase their projects, equipment, services and state of the art technology to the geothermal community. Reserve your booth now! There were more than 100 exhibitors at last year's trade show.

For more information about the GRC Annual Meeting & GEA Geothermal Energy Expo at the Sacramento Convention Center, Sacramento, California, USA visit [www.geothermal.org](http://www.geothermal.org) or call (530) 758-2360.

For information on how to sponsor this event, contact Anh Lay, GRC at (530) 758-2360 X100 or [alay@geothermal.org](mailto:alay@geothermal.org).

##

*About the Geothermal Resources Council:*

With the experience and dedication of its diverse, international membership bolstering a more than 45-year track record, the Geothermal Resources Council has built a solid reputation as one of the world's preeminent geothermal associations. The GRC serves as a focal point for continuing professional development for its members through its outreach, information transfer and education services.
