Register Now to Save at Geothermal Event

Save \$50 by registering online for GRC Annual Meeting & GEA GeoExpo+

(Sacramento, California, USA) Online registration for the GRC Annual Meeting & GEA GeoExpo+ will end at midnight on Saturday, October 22. Thereafter, attendees to the geothermal energy event of the year can only register onsite at the Sacramento Convention Center, with a \$50 surcharge.

The event will bring together geothermal companies, academics, financiers, policy leaders, students, and other individuals to attend or exhibit at the event, to be held from October 23-26 at the Sacramento Convention Center, Sacramento, California, USA.

Attendees who register online for the GRC Annual Meeting before midnight on Saturday pay \$945 as Geothermal Resources Council (GRC) members or \$1095 if non-members. The non-member registration includes GRC membership through 2017. After Saturday, October 22 the rate increases by \$50.

Students with a current identification card from an accredited institution pay just \$5 which also includes GRC membership through 2017. In addition to the Technical Program the three-day registration to the GRC Annual Meeting includes an Opening Reception on Sunday evening, a Network Reception on Tuesday and entry to the GEA GeoExpo+.

Registration is available from the GRC website at www.geothermal.org. A *Final Program* complete with a *Registration Form* is available to view and download. However, the GRC recommends online registration through a secured connection. The link is available on the front page of the GRC website at www.geothermal.org.

This is the premier gathering to learn about the latest developments in geothermal energy. Last year, the GRC Annual Meeting & GEA Expo hosted over 1,200 attendees from 26 different countries.

The GRC Annual Meeting will offer technical, policy, and market conference sessions, educational seminars, tours of local geothermal and renewable energy projects, and numerous networking opportunities.

The GEA GeoExpo+ features a unique opportunity for leaders in the business to showcase their projects, equipment, services and state of the art technology to the geothermal community. There were more than 100 exhibitors at last year's trade show.
