## The Geothermal Resources Council Announces 2020 Photo Contest

*Winners will be announced at the GRC Annual Meeting in Reno, Nevada, USA.*

(Davis, California, USA.) The Geothermal Resources Council (GRC) is pleased to announce this year's Geothermal Photo Contest. The contest serves to showcase the talent of the geothermal community as well as the beauty and intrigue found in every aspect of the geothermal industry.

The winners will be announced and prominently displayed at the GRC Annual Meeting & Expo being held in Reno, Nevada, USA from October 18-21.

Geothermal provides our communities long-term jobs and economic benefits while supplying low-cost, low-impact energy with innovative technologies. For the 2020 photo contest, GRC is soliciting submissions in 3 categories that help raise awareness of the benefits of geothermal energy:

- **Jobs:** Providing long-term, wage earning jobs
- **Low Impact:** Providing low geographic impact, water use & emissions
- **Innovation:** Showcasing research & development of new technologies

Awards will be presented to the winners at the GRC Annual Meeting. Winners of each category will receive \$100. The award checks will be drawn from a U.S. bank.

More information on the GRC Geothermal Photo Contest, including a *Submission Form*, can be found on the GRC Annual Meeting & Expo website [<https://reno2020.mygeoenergynow.org/photo-contest>]. The deadline for submissions is July 31, 2020.

##

*About the Geothermal Resources Council:*

The Geothermal Resources Council (GRC) will be celebrating 50 years of service to the global geothermal energy community in 2022. The GRC is dedicated to advancing geothermal development around the world through education, research, and outreach.
