# Benefits of Organizational Membership

Thank you for your interest in Geothermal Rising and the geothermal industry!

Geothermal Rising is comprised of hundreds of dedicated members that are helping us spread the word about using the earth to save the earth. All Memberships are annual, current through the end of the year. Choose the membership level that best aligns with your goals and budget, and unlock a suite of exclusive benefits that will elevate your presence in the geothermal industry. Geothermal Rising is proud to support a tier pricing structure based on the current World Bank Classification.

## About Us

Geothermal Rising is a 501(c)(3) and 501(c)(4) non-profit founded in 1972, dedicated to advancing geothermal energy through research, advocacy, and collaboration.

As the largest membership-based organization in the geothermal industry, Geothermal Rising represents a diverse community, advocating for all geothermal technologies, from ground source heat pumps to supercritical hot rock. Its members include individuals, corporations, universities, and government entities.
