GEOTHERMAL RISING NEXT GEN GEO

Position Title: Vice President, Geothermal Rising Student Committee
Position Term: 1 year, January-December, with the option of 1 additional year reelection
Time Commitment: 4-8 hours a month

The Advisor for this position is: A full time staff member of GR, ideally the Director of Policy and Education for Geothermal Rising, or their designee.

General Student Committee Leadership Responsibilities:
As a leading role in the GR Student Committee, the primary responsibilities include supporting each subcommittee's plan and budget for the term, setting yearly goals, and ensuring their successful completion by the end of the term. Additionally, the Vice President will help create quarterly progress reports to the Board of Directors, collaborate with the committee president to align goals with the broader organizational objectives, and maintain clear communication to ensure the subcommittee's contributions align with the overarching mission of Geothermal Rising. As a representative of the GR Student Committee, the Vice President is expected to be professional and maintain good behavior throughout the duration of their term.

Position Description:
The Student Committee President may appoint a Student Committee Vice President if desired. This role must be offered to the immediate runner-up in the immediately preceding Student Committee Presidential election.

Position Responsibilities and Tasks:
- Act as the Student Committee President in their stead on Student Committee and GR BoD matters.
- Assume the duties of the President in the event of a vacancy in the office until a special election can be held.
- Assist in liaising with subcommittee leads and support them in achieving their yearly goals.
- Host regular meetings of the GR Student Committee when the President is unavailable.

Advisor Role and Responsibilities:
- Please see the Student Committee President Position Description document.

Advisor Time Commitment:
- 3 hours a month
